Reduced space

The new, compact design of the D90EV allows easy transportation and installation in a reduced footprint. There are many features available and various options possibilities.

Shoot, Send, Print

Simply set up your printer, take you photos and the D90EV will take care of the rest. Printing at an impressive 450 prints per hour.

High Results

The D90 brings beautifully vivid colours and a much deeper rich black than any other conventional models. There will be no need for you to go a shop to develop your prints ever again!

Make it yours!

Make your printer unique and customise the outside and make it stand out at your event. You can also add logos, brands and adverts to your own prints to personalise for each occasion.
