## MAIN FEATURES

### • Large format

The Mitsubishi Electric CP-3800DW printer has been designed to meet the needs of the photographic market, offering the option to print different formats up to 20x30cm, ideal for photographic studios.

### • High quality mode

The High Quality Mode allows photographs to be printed at 600DPI. The double resolution provides extra quality and finish to the Mitsubishi Electric sublimation printing, with the purpose of meeting the demands of professionals in the field of photography.

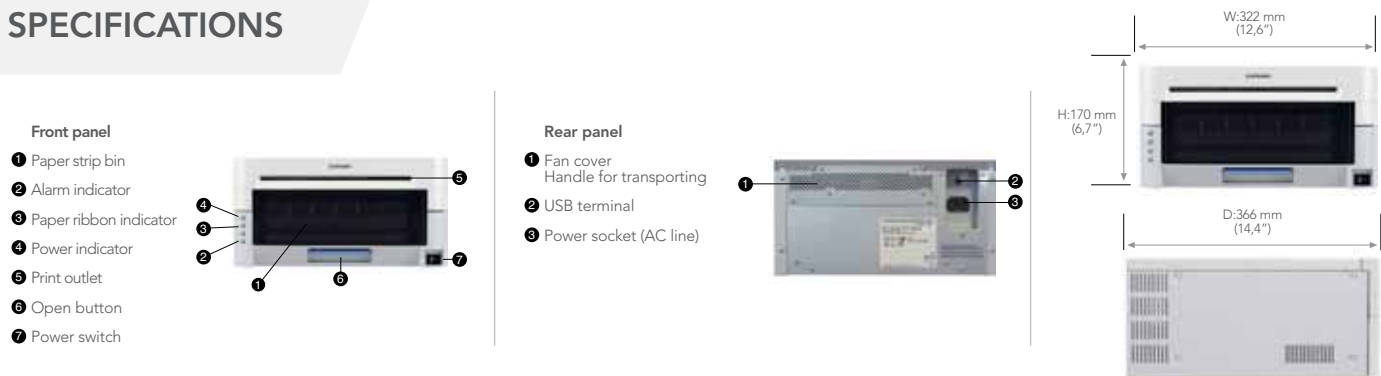

### • Compact design

Following the guidelines of all Mitsubishi Electric printers, the CP-3800DW has been developed to be sturdy and compact. Its dimensions (322/366/170mm) are ideal for those who wish to set it up in small spaces.

### • Plug-and-Play

Plug-and-play is the technology that enables the CP-3800DW to be directly connected to a PC, laptop or Mitsubishi Electric unit without needing to first configure the printer.
